SUMMARY

Passionate educator turned aspiring full-stack web developer, equipped with a web development certificate from the University of New Hampshire. Eager to apply my background in education, which has honed my communication, problem-solving, and collaboration skills, to the dynamic world of web development. Proficient in both front-end and back-end technologies, with a keen eye for detail and a drive for continuous learning. Excited to leverage my diverse experiences and embark on a rewarding journey in creating innovative web solutions.

TECHNICAL SKILLS

Front End: HTML, CSS, JavaScript, JQuery, Bootstrap

Back End: Node.js, Express.js, React, mySQL, mongoose, mongodb

EXPERIENCE

Professional Development Facilitator **Spring Independent School District**

2020 – 2023
Houston, TX

Designed and provided professional learning experiences for district staff. Developed summer conferences for new and returning teachers and administrators.

Key Accomplishments:

- Created and maintained the department website designed to support teachers and administrators.
- Collaborated with a small team to develop the blueprint for all district learning events.
- Guided the team in creating and organizing districtwide learning events. Designed the branding, event websites, videos, graphics, and posters. Organized session times and locations.
- Coordinated with other departments to elicit and organize their professional learning sessions. Created a professional development hub to disseminate event information to directors and specialists.

Elementary Math Coach **Spring Independent School District**

2016 – 2020
Houston, TX

Provided coaching and support for math teachers. Served on the administration team and helped supervise teachers and students.

Key Accomplishments:

- Modeled lessons and provided real-time coaching, resulting in improved instruction and increased student engagement.
- Partnered with teachers to collect, disaggregate, and analyze data for lesson design and targeted student support.
- Provided differentiated content support for math teachers, increasing content knowledge and improving math instruction.
- Facilitated district wide math professional development sessions, wrote curriculum, and during the pandemic, hosted weekly virtual PLC meetings for 100+ teachers.

Elementary Teacher **Spring Independent School District**

2002 – 2016
Houston, TX

Certified math teacher committed to helping others succeed. Expert in designing and delivering engaging instruction and professional development to diverse audiences. Named 2005-2006 District Elementary Teacher of the Year
